

Industrial Maintenance Sprays

500ml Aerosols | Lubrication | Penetration | Moisture Displacement | Rust Protection

Direct Channel industrial maintenance sprays provide practical solutions for lubrication, releasing seized components, displacing moisture and protecting metalwork against corrosion. The range is intended for engineering, construction, workshop and maintenance applications.

AC90S is a multi-purpose lubricant and cleaner, RP90S is a penetrating oil for seized and corroded components, and ACSUP is a heavy-duty anti-rust fluid for longer-term protection. All three products are supplied as 500ml aerosols and sold individually.

SPECIFICATION

Product Type	Industrial maintenance aerosols
Container Size	500ml aerosol
Functions	Lubrication, penetrating/release, moisture displacement and rust protection
AC90S	Multi-purpose lubricant, cleaner and moisture displacer
RP90S	Rapid penetrating oil with corrosion protection
ACSUP	Heavy-duty anti-rust fluid for long-term protection
Silicone	Listed formulations do not contain silicone
Supply	Sold individually

KEY FEATURES

- Professional maintenance aerosols - Lubrication and friction reduction - Moisture displacement - Workshop and site use	500ml format - Rapid release of seized components - Corrosion and rust protection - Suitable for metal fasteners and machinery
---	---

PRODUCT FORMAT REFERENCE

Product format reference for the 500ml maintenance aerosol range. Illustrative only; not to scale.

AVAILABLE PRODUCTS / RANGE

SKU	Product Type	Size	Primary Function
AC90S	Multi-purpose lubricant	500ml	Lubricates, cleans, penetrates and displaces moisture
RP90S	Penetrating oil	500ml	Releases seized parts and protects against corrosion
ACSUP	Anti-rust fluid	500ml	Long-term rust protection and moisture displacement

Three complementary 500ml maintenance aerosols covering general lubrication, rapid penetration/release and longer-term anti-rust protection. Sold individually.

TYPICAL APPLICATIONS

Seized bolts, screws and threaded fixings	Moving mechanical components
Tools, fittings and workshop equipment	Machinery and stored metal parts
Moisture-prone electrical/mechanical areas	General maintenance and corrosion prevention
