

M10 A4 Stainless Steel Threaded Stud Bolts

40-500mm Lengths | M10 Metric Thread | A4 (316) Stainless Steel | Sold Individually

Direct Channel M10 A4 stainless steel threaded stud bolts provide a corrosion-resistant fastening option for strut channels, brackets and mechanical assemblies. Manufactured from A4 (316) stainless steel, they are suitable for demanding internal, external, industrial and marine environments.

The range is available in six fixed lengths from 40mm to 500mm. Each product uses an M10 metric thread, is compatible with standard M10 nuts and washers, and is sold individually.

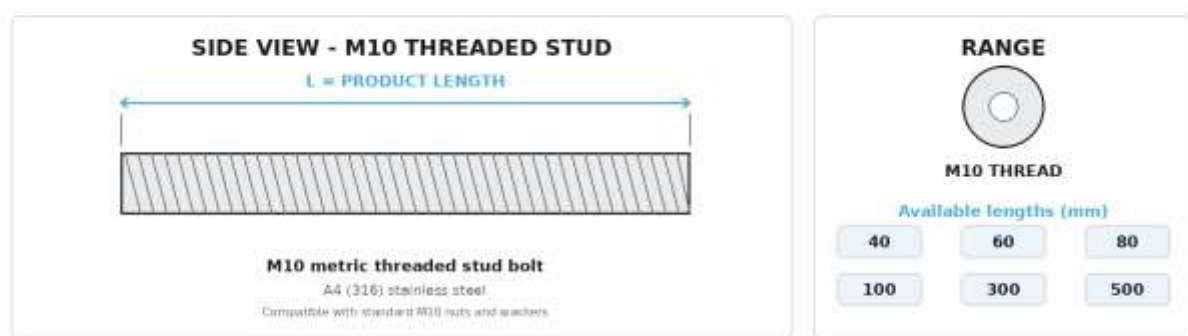

SPECIFICATION

Product Type	Threaded stud bolt / threaded cut stud
Thread Size	M10 metric
Material	A4 (316) stainless steel
Available Lengths	40, 60, 80, 100, 300 and 500mm
Compatibility	Standard M10 nuts and washers
Supply	Sold individually
Use Environments	Internal, external, industrial and marine
Primary Use	Strut channels, brackets and mechanical assemblies

KEY FEATURES

• A4 (316) stainless steel construction • M10 metric thread • Compatible with standard M10 nuts • Suitable for outdoor and marine use	• High corrosion resistance • Six fixed lengths from 40-500mm • Compatible with standard M10 washers • Sold individually

TECHNICAL DRAWING

Technical reference drawing - dimensions in mm - not to scale

M10 threaded stud bolt - overall length varies by product code. A4 (316) stainless steel. Technical reference drawing, not to scale.

AVAILABLE SIZES / PRODUCT RANGE

SKU	Length	Thread Size	Material
SB1040-A4.Q1	40mm	M10	A4 (316) Stainless Steel
SB1060-A4.Q1	60mm	M10	A4 (316) Stainless Steel
SB1080-A4.Q1	80mm	M10	A4 (316) Stainless Steel
SB10100-A4.Q1	100mm	M10	A4 (316) Stainless Steel
SB10300-A4.Q1	300mm	M10	A4 (316) Stainless Steel
SB10500-A4.Q1	500mm	M10	A4 (316) Stainless Steel

All products use an M10 metric thread and A4 (316) stainless steel construction. Available as individual fixed-length threaded studs.

TYPICAL APPLICATIONS

Strut channel assemblies	HVAC support systems
Electrical support systems	Construction frameworks
Mechanical assemblies	General engineering installations
